SURVIVING THE FINAL EXAM

Tips for Guaranteed Success

- Write more code

- Start studying early

- Ask questions as soon as you have them

- Make a list of key topics that you know we'll test and really drill them in!

Just because you can LOOK at code that **someone else wrote** and say

“Ah that makes sense”

*Does **not** mean* that you can ***Replicate it*** on an exam.

Don’t just see. **Do**.

Group Activity

Complete the final exam questions on the screen in groups of 2 or 3.
